VOL. 16, NUMBER 264 — MONESSEN, PA THURSDAY, APRIL 11, 1918 — SIX CENTS THE WEEK

METRO PICTURES
Friday at Olympic — Selznick presents beautiful Constance Talmadge in "The Honeymoon."

Hun Sympathizers Will Smell Powder Is Law's Decree

Largely through the untiring energies of Senator Bois Penrose of Pennsylvania, the sedition bill, prohibiting under penalties of 20 years' imprisonment and $10,000 fine, for language or acts of disloyalty or obstruction of the army draft and Liberty loans, was passed by the Senate without a record vote. It now goes to confernce between the House and Senate, and final enactment is expected soon.

Protracted and bitter debate marked consideration of the measure, the passage of which had been strongly urged by Administration officials to permit the government itself to deal with disloyal agitators and check the growing dangers of mob violence.

Though modified to meet the objections of Senators who claimed the original draft would curb legitimate freedom of speech, the bill retains the broad inhibition of words or acts which "support or favor the cause of the German Empire or its allies *** or oppose the cause of the United States."

It also would punish willful and "disloyal, profane, scurrilous, contemptuous or abusive" language about the American form of government, Constitution, military or naval forces, flag or uniform," and willful utterances desinged to curtail production of essential war materials.

Senator Penrose injected an amendment into the original bill and while his amendment was not accepted entirely, it brought forth a vicious clause in the bill for the alien enemy, introduced by Senator Jones of New Mexico. Penrose made attacks on George Creel, chairman on the committee of Public Information, charging disloyal utterances and writing and to other men in official positions.

CARD OF THANKS

Through the columns of the Daily Independent we wish to thank our friends and neighbors who so kindly assisted us during the illness and death of our beloved father, A. T. Lyman. Especially do we thank the friends for the many beautiful floral tributes.

Mr. and Mrs. Geo. MacDonald and Family.

Volunteers Wanted

Provost Marshal General Crowder has telegraphed to state governors asking them to make it known throughout their respective states that the army needs about 12,000 men from about 75 different trades and occupations.

It was learned yesterday that a call for these men, soon to be issued, will be in addition to that of last Saturday for the mobilization of 150,000 fighting men on April 26.

The estimate of the number of men of special qualifications is only tentative and may be increased to 15,000 or more before the end of the month, as military needs dictate.

As is usual when special calls are made, the voluntary induction system will be used as far as possible. Any draft registrant falling within the desired category will be given the opportunity of volunteering to his local board for service, but if the required number is not obtained by this method, local boards will induct enough men to fill their quotas.

Reports to the provost marshal general will be made about April 29, it was said, and the call is expected to follow within a few days.

Charges Are False

Lewis B. Tuccelli, of Charleroi, is in receipt of a telegram from the Ocean Floating Safe company, of Chicago, by A. Cervelli, setting forth certain facts in connection with the suit entered by a man named Parenti of Monongahela against the corporation. The telegram said that Mr. Parenti wanted to be elected "Generalissimo Superintendent and Manager of the company by force, and further it is alleged that he attempted to extort money from Mr Nanni, saying he would break up the company unless his demands were acceded to. Mr. Nanni refused to listen to such a demand when Parenti made his complaint to the Secretary of State of Illinios, because the stock of the corporation was advertised before the required permission had been obtained. The telegram went on to say that everything was o k now and that the company expects to get out of the trouble without even a fine. They say there is nothing wrong with the company, but they expect, says the telegram, to receive orders in a few days for the installation of safes from the United States Government.

Mr. Gress Re-elected

At a meeting of the Monessen school board Tuesday evening, Prof. H. E. Gress was re-elected superintendent of schools, to serve a term of four years. Robert C. Shaw was re-elected superintendent of Westmoreland county. Thos. E. March, formerly State High school inspector, was elected superintendent for Greensburg to succeed Supt. Alleman. Prof. Gress has been in Monessen nine years. The first year he was principal of the high school. The following year he succeeded Supt. Thos. E. Lytle and has served eight years as superintendent. The new term begins the first Monday in May.

—Henry Baker Riley, editor of the Brownsville Telegraph, paid his respects to the city this morning and was a caller at the Independent office.

Soldiers Allowed To Contribute News To Newspapers

The war department has issued an order permitting persons in military service, under certain regulations, to write for publication in newspapers and periodicals. The main restriction is that the soldier must receive no pay for what he writes and that it must be censored in the usual manner.

The order in part follows:

All persons in the military service are forbidden to act as paid correspondents for or contributors to any newspaper, magazine, or other publication or to receive any payment or reward whatever from any such publication for any letter or item of news written or furnished by them, whether the article in question is sent direct to the paper or periodical, or consists of private correspondence which the writer permits to be published.

Except as above prohibited, there is no objection to the writing of letters or the furnishing of news items to newspapers, magazines, etc., from time to time, or to the publication, with the consent of the writer, of personal and private correspondence, provided such activities do not interfere with the proper performance of military duty, and provided also that the following are faithfully complied with:

All letters containing matter for publication, as above authorized, must be sent through the officer hereinafter, provided for, charged with the duty of censoring letters for publication will be mailed otherwise than through the above-mentioned officer, and such letters will always be left unsealed.

The commanding officer will call to the attention of all persons in military service writing for publication. No letter designated in whole or in part for publication will be mailed otherwise, than through the above mentioned officer, and such letters will always be left unsealed.

The commanding officer will call to the attention of all persons in military service writing for publication, or otherwise, the fact that criticism of superiors and the spreading of false reports which would tend to injure the military service constitutes breaches of military discipline.

None of the foregoing applies to troops in Europe. The commanding general, American expeditionary forces, will establish such rules and regulation in this respect as the situation may seem to him to require.

The object of this order is to satisfy as far as is compatible with the protection of military interests, the natural desire of the people to keep in touch with their soldier representatives. It is, therefore, expected that all concerned will comply with both the letter and the spirit of its provisions.

—Mrs. Carrie Rose left Tuesday for Camp Lee, Va., where she was called by the serious illness of her son, John Rose, who is in service there.

Olympic Theatre

TODAY—"The Italian Battlefront." in 10 parts, also a Charlie Chaplin comedy.

FRIDAY—Louis J. Selznick presents Constance Talmage in "The Honeymoon." and a Keystone comedy.

SATURDAY—Rex Beach presents "The Barrier." with an all star cast and the last episode of "The Hidden Hand."

"The Italian Battlefront," and "The Barrier" were playing for several months in the leading theatres of Pittsburgh 50c, 75c, $1.00 and $1.50. To our patrons the small sum of 22c will be charged.

Coming, Monday, April 15th. "The Eagles Eye," featuring King Baggot and Marguerite Snow. A great detective story.

Remember, April 20, we will have the latest Eddie Polo serial, "The Bull's Eye," for 15 weeks. Also Anna Nilsen and Charles Richman in "Over There."

Musical Program

The Musical Auxiliary was entertained last evening by Miss Elva Owens at her home on Maple avenue. A literary and musical program was rendered. Miss Maybelle Gregg presided at the piano. Miss Bessie Preston sang beautifully. A treat to the members were the popular songs sung by Miss Thelma McCann, who was an invited guest. Miss Marian Reamer read a paper on Current Events which was very much enjoyed. A lunch was served, Miss Owens being assisted in the serving by her sister, Mrs. Knight Tower. A very pleasant evening was spent.

Water Case Again

It is believed that the final chapter in the fight of Jeannette borough against the Westmoreland Water company for better rates will be written beginning next Monday when the hearing for discussion of the final fixing of rates will be heard before the Public Service Commission at Harrisburg. Local members of the special water committee of council have been notified of the hearing. Congressman E. E. Robbins will represent Jeannette and other boroughs concerned. It is thought the smaller consumer should have better rates than proposed by the schedule filed by the water company.

Died Suddenly

Mrs. William Evans of Fayette City, died very suddenly Monday evening while on her way from Allenport to Charleroi. Mrs. Evans in company with her daughter, had boarded a street car at Allenport at 6:53 p. m. Shortly after boarding the car she was attacked with a severe coughing spell and deeming it advisable to return home, mother and daughter got off at the White Barn. After waiting for a short period, they boarded a car south bound, Mrs. Evans requiring assistance to get on the car. When they arrived at Allenport. Dr. Haines was called, who pronounced the woman dead. The body was turned over to Undertaker John Bake of Fayette City to be prepared for burial.

Fourth Anniversary

Saturday, April 13 is the fourth anniversary of the dedication of the Moose home on Schoonmaker avenue and preparations have been made to celebrate the occasion in a fitting manner. The social committee has secured a number of entertainers from the Lazaro Entertainment bureau of Pittsburgh to furnish the amusement, and the members of the L. O. O. M. are looking forward to one of the best entertainments ever held in town.

Violated Auto Laws

In police court yesterday, John Gnip of 515 Tenth street, was charged with speeding or driving an automobile faster than the law allows. He was placed under arrest Sunday night Donner avenue between Fifth and Sixth streets. Gnip was driving the Lipton car when apprehended. He deposited a $15.00 forfeit, but failed to appear at the proper hour last night or this morning for a hearing, hence forfeited his $15.00.

No Elaborate 4th of July Celebration This Year

Mindful of the necessity of conserving every bit of ammunition for our armies and navy, the United States government is already sending out warnings against any unique celebrations on the Fourth of July and Burgess W. B. Stewart has received notice from the Pennsylvania State fire marshal asking for full co-operation in prohibiting the use of all fireworks in Monessen. The burgess in giving out the notice states that he believed it was his duty toward the merchants and dealers who usually handle fireworks he asked that they do not lay in big supplies of fireworks as he intended to have Monessen do its part in the powder conservation. While not averse to allowing the use of the smaller fireworks, he states that setting off the large crackers and big displays will not be permitted. A copy of the letter received from the fire marshal which has been sent out through the state follows:

Mayors and Burgesses:

The United States and its Allies are engaged in a gigantic struggle for liberty and the world's freedom from autocracy, and it is imperative that necessities, such as food stuffs and ammunition, vital to the support of our armies and the navies, be safeguarded and conserved to the fullest extent.

Fully mindful of the fact that the Fourth of July is a day inspiring to the hearts of all Americans and celebrated in memory of our first great struggle for liberty, it is the duty of citizens, individually and collectively, to observe this occasion during the present crisis in a safe manner, to prevent over tects by fanatics, and evily disposed persons who might take advantage of this day, and to otherwise avoid destruction of property by fire from firework display.

We, therefore, urge upon you the enforcement of such ordinances as may exist in your city or borough restricting the use of fireworks and pyrotechnic display, and if no such ordinances exist that action be taken to formulate same or to make regulations that will prohibit the use of all fireworks within your respective communities.

Hoping to have your active support in this most necessary measure, and to be advised of your co-operation, I am

CVery truly yours
G. CHAL. PORT.
State Fire Marshal.

Milwaukee Dance

The Milwaukee club of Monessen Aerie No. 492, Fraternal Order of Eagles, has completed arrangements for the sixth dance of the season, Friday, April 12th, in the new Croation hall. The Milwaukee club dances have proven to be very popular with the young people as they have had a large crowd attend all their dances. The club hopes to make this dance the best of all as it will probably be the club's last dance and they hope to see all their regular patrons there and as many new ones as wish to come. The hall is a large one and they can accommodate a large crowd of dancers. Johnny Jenkins and his orchestra will furnish music for the occasion, and all those who attend will be assured of a good time.

Will Install Officers

Tonight the annual installation of officers will be a feature at the Elks lodge and will be largely attended on account of the impressiveness of the ceremonies and the social affair that has been planned by the committee in charge. After the exercises have been dispensed with, the members will be invited into the social rooms where a lunch will be served. Lewis P. Fisher retires as Exalted Ruler and this office will be filled the ensuing year by J. Maurice Dalton. Other officers will be J. E. Pittman, Esteemed Leading Knight, A. J. Pancook, Esteemed Loyal Knight, E. A. Wells, Esteemed Lecturing Knight, John Lermann, chaplain, Roland O'Rourke, Tyler, George Helmboldt, Secretary, David Frazier, Organist, W. A. McShaffrey, Treasurer, S. A. Wagoner, Esquire, Henry Helmboldt, Trustee.

Uuique Patriotism

There was one hotel keeper in Washington county who put patriotism above profit and sacrificed what money he could have made last Saturday night in an effort to sell Liberty Bonds.

William Coulson, proprietor of the Central Hotel at Roscoe, when the Third Liberty Loan drive began on Saturday last, called in his bartenders and told them he didn't care whether they sold any liquors or not during the day and evening, but he did want them to sell Liberty Bonds; to solicit every man who entered the bar and make the drive as intense as possible. As a result, when returns were all compiled in the evening after the brief campaign had ended, it was shown that thirty-three persons had bought bonds in amounts ranging from $50 to $300. Roscoe citizens generally are thoroughly aroused over the bond campaign and will make every endeavor to secure one of the Liberty Loan flags, which have been offered by the United States to those communities that "go over the top."

Struck by Train

Sylvia Sergi, aged 14 years was struck by a south bound express at Stockdale and received injuries from which he died a short time later.

According to the story told by a boy companion, Sergi and his boy friend had boarded the north bound passenger train at Roscoe at 2:45 p. m., to ride to Stockdale. As the conductor did not reach the boys to lift their fares before the train reached Stockdale and as they feared they would not be able to reach the front of the car and get off before the train started, they went to the rear.

The door on the right side of the coach was locked, but the one on the left side being open the bos got off on the side opposite the station. Sergi had crossed the track of the middle siding when the express came by and before the boy could get out of the way, he was hit by the pilot of the engine, receiving a fatal blow on the forehead. He was picked up and put on the train from which he had just gotten off, to be brought to the Monessen-Charleroi hospital. However, before Charleroi was reached the boy had died

—Howard, son of Mr. and Mrs. Bert Fairly is very low, at their home in Belle Vernon suffering of bronchial pneumonia. Albert, another son is confined to his bed with inflamatory rheumatism.

Final Report of Women's Registration Issued

Women's Registration for War Defense work closed Saturday night late, under most encouraging conditions. Mrs. Harry Lebowitz, chairman of the Monessen committee, and Mrs. J. C. F. Motz, chairman of the Rostraver township committee, report a great work accomplished, although complete reports have not yet been turned in from many of the voting precincts.

Monessen, under the leadership of Mrs. Lebowitz, registered 2,680 women Rostraver township, under the supervision of Mrs. J. C. F. Motz of Monessen, registered 2,100, but in both districts, the reports are incomplete.

Dutchtown, Mrs. E. Luce, Monessen; First ward, Mrs. J. C. Murphy, Second ward, Mrs. H. E. Gress and Mrs. Harry Watt. Third ward, Mrs. George Nash and Mrs. King registered 568 but the report is incomplete.

In Rostraver township, Kerr district, West Newton, Miss Grace Montgomery went over the top, registering 25 more women than was called for, and is entitled to 100 per cent.

Shepler—Miss Agnes Hixon, North Belle Vernon, Mrs. Mitchell; Concord, Miss Emma McClain; Cross Roads, Mrs. Grant Patterson; Oliphant, Mrs. H. N. Porter, all 100 per cent. in registration.

Webster registered 209 but as yet the enrollment is incomplete..

Lenity—Miss Dessie Aebi, 90 per cent.

Lebanon—Miss McClintock, 92 per cent. registry.

Mt. Pleasnt, Mrs. Will Zundle, 93 percent. Darr, Mrs. McCauley, 97 per cent. Herminie, Miss Houseman, 87 per cent. Pricedale, Mrs. Wells, 88 per cent. Gibsonton, Mrs. Daly, 74 per cent.

There were 2,200 women registered in the township with several districts to hear from. The response in the entire county was most satisfactory and it is estimated that 25,000 women registered, and is considered exceptionally good, and from advices received from headquarters last night, the indications are that Westmoreland county is due to receive the Honor Roll, as the county is now 96 per cent to the good and the registration will be kept up until 100 per cent. is reached.

TRUCKING BY MOTOR

In many places business men are turning to motor trucks as a means of relieving the freight congestion on railways. Long distances are now traversed by what are practically trains of trucks running over the highways.

Among the cities of Connecticut last winter, many manufacturers transported freight by motor truck. They cut the cost by arranging to get return loads for their trucks in many cases. When a truck had delivered a load, it would find notifications at the Board of Trade, that a number of people had freight to be carried home. By going back loaded, the cost of the transportation was cut in two.

It used to be thought that to make country life successful, trolley lines would have to be built all through the rural districts. But the cost of constructing trolley lines has greatly increased. A great many of the existing trollies do not pay. Such lines will not be built as freely for the next 20 years.

The motor truck is however, a good substitute. The usual method for getting country produce to market, is for each farmer to hitch up his horse or horses, and drive or send a man to the railroad freight station. Small loads are carried, often over bad roads. One good motor truck would do the work of a number of teams and only one man's wages would have to be paid.

A motor truck system for a district of farm country could mak certain trips on certain days of the week, and cover its whole neighborhood with regularity. It would reduce the demand for farm labor, and cut the cost both of getting food to market and getting supplies to the farmer.

THE WAR NO FINANCIAL BURDEN

The figures of our first year of war will surprise most people. It appears that we have spent but $9,000,000,000, of which more than a half has been in the form of loans to our allies, practically all of which will be paid later.

It is not likely that our entire war expenditure, after deducting loans to our allies, is greater than the savings of the American people for a year. The pro-Germans and Pacifists have been trying to bluff the American people into cowardly submission, by the specter of the terrible debt that is being created. These figures show that this is nothing but a big bogie man meant to scare timid children.

The present cost of the war is about $1,000,000,000 a month. Nearly half of this goes to the allies. With moderate economy on the part of our people, we could keep fighting ten years, and make hardly a dent in our natural wealth.

The only sacrifice we are called to make is that of life, and that is a terrible one. But the financial burden should not be considered for a moment. Compared with our abounding wealth it is insignificant.

Of course no one wants to see money thrown away. The money should all be spent systematically. But we can afford to pay a high price for quick action that will end the war and save the lives of the boys. No form of munitions or supplies should be delayed because we could save some money by waiting. We must have our complete equipment at once at all costs. We have no reason to worry about the costs. The Pro-Germans should find some new booger to scare us with, as the expense stuff is worked out.

Business Men Given Credit

That the great development of this country and of its resources has been due in large part to the energy, enterprise, and genius of the American business men, and that their further development depends on the continued idealism of business men, was the idea developed by R. Goodwyn Rhett, in a speech as retiring president, delivered this afternoon before the Sixth Annual Meeting of the Chamber of Commerce of the United States at Chicago.

"In all this empire building," said Mr. Rhett, "it was the business men who furnished the leadership, the vision, and the courage to follow that vision to retaliation. And it has been more than an achievement in material growth and expense. It has also been one of spiritual development into the great champion of human liberty in its broadest sense."

Linking this idea up with his conception of the mission of the United States Chamber of Commerce, Mr. Rhett said:

Gentlemen, there is a wonderful mission for the Chamber among business men, which I would have you all see clearly. We have thought of business and talked of business as a cold and callous thing. We have said to our selves and to our neighbors so often 'there is no sentiment in business;' that we have blinded our eyes to what business ought to be To me the highest mission of the Chamber is to put the soul into business, to transform the cold clay into the sentiment being—to transfuse into a marble statue the warm blood of the human being that will make its face to shine, its eyes to glow, its hands to clasp, its heart to beat, and its soul to vision.

"In that sentiment being only may democracy find its safeguard and protection. When we have found out what is not for the country's good is *not for the good of business*—when we have transmitted that creed to our fellow citizens and made them understand that it is our creed and that it should and must be the creed of liberty, of agriculture, of the citizenship of America, we shall have advanced the happiness and contentment of our people a hundred fold; we shall have placed democracy upon a broader foundation, and have mounted infinitely higher in the scale of civilization."

My Business

is increasing every day because I sell first quality of fresh meats, because I sell extra standard can goods and fanciest groceries, because I sell freshest vegetables and best fruits, because I am the cleapest considering quality.

Give me a chance to prove this to you.

Where Your Money Goes

WE are now building more naval and merchant ships than we have constructed in the last generation.

We are building a vast fleet of airplaines, and enormous supplies of artillery, motor trucks, machine guns, rifles and ammunition. We are feeding, clothing and training an army of a million men, and preparing for a million more. We have loaned billions of dollars to our allies to be spent in the United States.

From the shipyards of the Pacific to those of the Atlantic; on our farms and in our mines, mills and factories in every State in the Union; back of the firing lines in France, where men are training, camps are being erected and railroads built, billions upon billions are being expended for labor, for transportation, for materials and supplies of every description.

The mind can hardly conceive the sums of money required for our war preparations. Yet these expenditures are absolutely essential.

We must win the war quickly if possible; we must carry it on for years if necessary. We must do the job with American thoroughness, let the cost be what it may.

Remember, when you invest in your Liberty Bonds, that there is immediate, urgent, imperative need for every dollar you can spare.

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some Monessen People Know How to Save It.

Many Monessen people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Monessen citizen's recommendation.

W. J. Loughner, 131 Fourth St., says: "At times, my work is hard on my back and kidneys and a cold causes more trouble. I find it hard to stoop and my kidneys become congested. My one medicine then is Doan's Kidney Pills and I always get prompt relief."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loughner had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

Hustling for Political Plum

Already 23 candidates for the appointment to fill the vacancy in the Westmoreland county poor board caused by the death of Major John G. Thompson on Thursday evening, are circulating petitions and pulling wires seeking the position. The appointment will be made by the court and there is much hustling among the applicants.

Major Thompson was elected at last November election for a term of four years and he had served just three months of his term. Appointee who will be named by the court, will serve for a term of about twenty-one months or until January, 1920. Although members of the present board were elected for the full term of four years, it is said that the vacancy will be filled at the next election at which county officials are chosen. This will be in 1919.

At the last primaries there were twenty-one candidates for the Republican nomination for the two places on the ticket. It is said that most if not all of the defeated candidates, will be applicants for the appointment. In addition there are a number of other aspirants for the position.

The salary is $125 a month and necessary traveling expenses and the position is a most attractive one. April 18 is the next regular monthly meeting day and the appointment will probably be made at any time so that the new member will be able to begin his duties.

Four or five candidates at the 1917 primaries were very closely bunched in the race. Thompson refeated Perlee P. Bush, of Monessen, by one vote in a poll of over 12,000 and I. N. Dixon was just thirty votes behind the Monessen man. John F. Kettering followed closely and during the official count sometimes one or the other of these candidates place on the ticket was not decided until the final tabulation was made.

The candidates for the appointments Candidates for the appointment are John F. Kettering and Benny Brown, both of Greensburg; R. O. Bovard, of South Huntingdon township and Perlee P. Bush, of Monessen, were all busy hustling among the politicians around the court house soliciting support.

Murderer Electrocuted

Bellefonte Pa., April 10—Mike Uptic of Westmoreland county, was electrocuted at the Rockview penitentiary yesterday morning, being taken to the chair at 7:06 o'clock and, after four contacts, pronounced dead at 7:11 o'clock.

William Warren, negro, of Chester county, who was also to have gone to the electric chair, was granted an indefinite respite at the eleventh hour.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

This is an opportunity for those wishing to obtain positions in the government to take the examination without any expense. Applications will be furnished on request.

Edward E. Robbins.

To Build Cement Ships

Washington, April 9.—Fifty million dollars for an experimental concrete ship program will be asked of congress by the Shipping Board within a few days, it has been announced. Arrangements for the appropriation were made at a conference between Edward M. Hurley, chairman of the board, Charles Piez, vice president of the Emergency Fleet Corporation, Senator Simmons, of North Carolina, of the Commerce committee and Senator McCumber, of North Dakota, of the committee transportation routes to the sea board. This definite action of the board's recent decision to leave the entire concrete ship building matter before Congress is what had been under way for some time.

Although Mr. Wigg's report recommended that the board extend its concrete ship program beyond the present contracts the board will make no recommendations of its own to the program when presenting the subject to Congress.

Poor Blood and Weak Nerves

Lack of strength is about the first symptom of violation of the laws of health. Then comes nervousness, unsteady hands and limbs, dizziness, sleeplessness, heart palpitation, loss of flesh, and with the feeling that the life-blood is being sapped comes complete prostration. In this condition the sufferer is indifferent to all things—whimsical and on the verge of decay. Many people in the United States are sufferers from nervous debility, and of these less than half realize it. They know that they have gloomy thoughts, a depression of mind, an impaired memory, dizziness and headache, wakeful nights and spells of extreme exhaustion, but they attribute it to any other cause than the right one. They feel languid, irritable and restless, the why and wherefore of which they cannot explain. They are suffering from nervous debility, a condition which is undoubtedly the means of causing more misery and crushing more hopes than any other trouble that human flesh is heir to. Nervous exhaustion will not cure itself. The sufferer who thinks that nature alone will bring about a restoration of health is simply deluded by a false hope. They will realize (if the power of realization is left them) when they become a hopeless victim to one of the terrible diseases which their debilitated condition invites; when paralysis, softening of the brain, locomotor ataxia, spinal meningitis, consumption begins its relentless work. Many sufferers from nervous debility, or loss of capacity as a result of overwork or violation of nature's laws are quickly restored to sound and vigorous health by our system of treatments."

Thankful Belle Vernon Patient

For nine months I had suffered almost constantly with awful severe backaches. At times I would be so bad I could hardly move. Was also troubled with smothering spells, while at rest, dizziness, nervousness, could not sleep good. I took treatment with The United Specialists and my back feels entirely well. Also the rest of the conditions I complained of.

Mrs. Annie Fertig,
3rd and Market St.
Belle Vernon, Pa.

FEELS DIFFERENT NOW

"I had been sick for five years with a bad case of stomach, kidney and bladder trouble. I went to the United Specialists for treatment, and am now feeling in first class shape."

David Sprull,
R. F. D.
Greensburg, Pa.

MONESSEN PATIENT SPEAKS

"I had been sick for one year, having been to and from time to time without getting any better. I felt very weak. My heart beat too fast, and I had severe pains over it, headaches, kidney trouble, backache, poor appetite, nerves, felt sleepy all the time, trouble with my stomach. I commenced treatment with the United Specialists and in a short time am able to be on position.

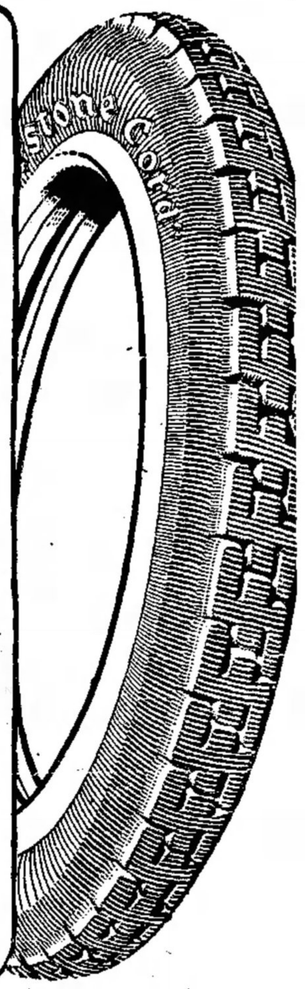
EMBARGO on Tire Vexations

TO prevent tire troubles piling up until they threaten the service of your car, equip with Firestone Tires, Cord or Fabric. Both have special Firestone features which minimize tire troubles and lengthen mileage. In the Firestone Cord Tire pure gum insulation reduces friction. Individual cords are imbedded in protecting rubber so that no two cords can touch to cause friction. The extra thick cushion layer does double duty. It distributes road blows over a larger area of carcass. It welds the tread to the carcass.

Firestone Tires



Ask your dealer to show you this section. Have him point out the superiorities that produce Firestone comfort, Firestone safety, Firestone Most Miles per Dollar.

Actual size 3½ inches

Firestone Cord Tire improvements have shown the way for material advances in Firestone fabric construction. In the Firestone Fabric Tire you find more rubber between the fabric layers, added strength to cushion layer and tread, special reinforcement to strengthen the sidewall and unite it more firmly to the bead. Put an embargo on tire vexations. Begin by making your next tire a Firestone cord or fabric.

Tarr and Feathers at Army Camp

A rigid investigation is being made at Camp Sherman into the tarring and feathering of three selectives on Saturday night and before it is ended may result in the court-martial of officers and men.

The names of the men are being kept secret, but the whole camp knows of the affair which occurred in the middle of the night and caused great excitement.

It is alleged that the three men are the cause of the curtailment of passes because of their constant violation of orders. The selectives resented the refusal of passes, and it is alleged that they claimed to officers that because some men were to blame that all should not suffer and that the officers told them to go as far as they liked

They did. The three offenders were gagged, dragged from their bunks, striped of all their clothing, taken to one side of the camp and the tar smeared over their persons. The affair caused great commotion and the whole camp was aroused. The men were rescued from their tormentors and spent the balance of the night getting the tar off with gasoline.

With his throat cut, Private Rosoe Lee, aged 31, of McKeesport, a member of the Thirty-second Company of the Eighth Training Bataiion of the One Hundred and Fifty-eighth Depot Brigade, was found in a dying condition early yesterday morning.

Lee, who had been brooding over the war, was missed from his bunk and a search was instituted for him. With a stream of blood running from his throat and an open, blood-stained knife near him, he was found a few minutes later. He was rushed to the base hospital, where he later died. The wound was self-inflicted.

Lee's body will be shipped to his former home in McKeesport.

Birthday Party

A very delightful birthday party was held last evening in honor of the 21st anniversary of Elmer Kissler, at his home, 215 Reed avenue. Guests were present from Monessen, Charleroi and Monongahela, and the evening was spent in games, singing and music. Lunch was served at 11 o'clock and after a vocal solo was rendered, the guests departed for their homes wishing Mr. Kissler many happy returns.

The Westmoreland County Farm Bureau is arranging to get 500 bushels of seed corn from Cumberland county. This corn is being handled by the McFarland Supply company at Greensburg, and will be here in plenty of time for planting. If you do not have good seed corn place your order with the McFarland company and it will supply your needs.

A Dance

will be held in the Monongahela armory hall, by the P. O. S. of A., Friday evening, April 12. The Mendelsohn-Jazz orchestra of Clairton, will furnish the music. A service flag will be unveiled. Admission 75 cents per couple. Extra lady 25 cents. 64-2
